PREPAREDNESS MEASURES FOR TROPICAL DEPRESSION (TD) KRISTINE

Based on Tropical Cyclone Bulletin Nr. 2 issued by DOST-PAGASA dated October 21, 2024, 11:00 a.m., the center of Tropical Depression (TD) Kristine was estimated based on all available data at 870 km East of Eastern Visayas (13.2°N, 132.6°E).

TD Kristine is forecast to intensify into a tropical storm in the next 12 hours. It may reach severe tropical storm category by October 23 and typhoon category by October 24 evening or October 25 morning, prior to landfall over the northeastern portion of Cagayan.

In preparation for possible impact of rains, all public elementary and secondary schools are advised to observe the following preparedness measures:

- a. Activate School DRRM Committees;
- b. Post emergency hotline numbers online and at conspicuous places in the schools;
- c. Ensure safety and security of school buildings;
- d. Ensure safety and security of ICT equipment, instructional and learning materials, teacher manuals and other vital records;
- e. Ensure that electrical equipment/appliances in schools are turned off and unplugged;
- f. Ensure availability of first aid kits, flashlights, megaphones, and other necessary supplies in case of emergencies;
- g. Prepare classroom for possible use as evacuation centers and ensure that staff-in-charge of the keys are available; and
- h. Monitor and disseminate latest weather advisory/bulletin issued by DOST-PAGASA.

For information.

TROPICAL CYCLONE BULLETIN NR. 2

Tropical Depression KRISTINE

Issued at 11:00 AM, 21 October 2024

Valid for broadcast until the next bulletin at 5:00 PM today.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

- **Moderate to rough seas over the following coastal waters:**
 - **Up to 4.5 m:** The seaboard of Isabela, Aurora, Polillo Islands, Catanduanes, Northern Samar, and the eastern seaboard of mainland Cagayan, Camarines Norte, and Camarines Sur.
 - **Up to 4.0 m:** The seaboard of Batanes, the remaining seaboard of Cagayan, the eastern seaboard of Quezon, the remaining eastern seaboard of Bicol Region, and the eastern seaboard of Eastern Samar.
 - **Up to 3.0 m:** The seaboard of Ilocos Region, the seaboard of Dinagat Islands, and the seaboard of Davao Region.
 - **Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced or operating ill-equipped vessels.**
- **Up to moderate seas over the following coastal waters:**
 - **Up to 2.0 m:** The remaining seaboard of the country.
 - **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

The hoisting of a Gale Warning is also expected.

TRACK AND INTENSITY OUTLOOK

- KRISTINE is forecast to move generally westward until tomorrow (22 October) morning before turning northwestward to west northwestward from tomorrow afternoon until the rest of the forecast period. This tropical cyclone is forecast to make landfall over Northern Luzon by Friday (25 October).
- KRISTINE is forecast to intensify into a tropical storm in the next 12 hours. It may reach severe tropical storm category by Wednesday (23 October) and typhoon category by Thursday (24 October) evening or Friday (25 October) morning, prior to landfall over the northeastern portion of Cagayan.
- Since this tropical cyclone is still over the Philippine Sea, **further intensification is likely**, given the favorable environmental conditions (high SST and low wind shear) for development over the area. **Changes in forecast track is also not ruled out**, depending on the movement of the weather systems over the mid-latitude over the next days.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 5:00 PM today.
