City of Batac, Ilocos Norte

Dear Dr. Aludino:

Greetings from Mariano Marcos State University!

In January 2022, the DOST-MMSU Bannuar Technology Business Incubation (TBI) was launched in partnership with DOST-PCIEERD to support the development of tech-based and tech-enabled enterprises in Region 1.

The TBI's RIMAT program encourages faculty, students, researchers, MSMEs, and organizations to develop technology products for commercialization, focusing on local industries such as loom weaving, bamboo processing, and pottery. One of the goals of the project is to conduct startup awareness activities.

In relation to this, we will be conducting a **Capacity Building Workshop on Ideation and the Lean Model Canvas** for Senior High School teachers on **Oct. 28-29, 8 a.m.-5 p.m.**, at the Center for Flexible Learning (CFL) located at the University Main Library, Batac Campus.

May we then invite **5 Senior High School teachers handling Entrepreneurship subjects** to participate in this activity. We respectfully request that you kindly select such teachers and issue them a memorandum for this purpose.

Your support will greatly contribute to strengthening the startup ecosystem in our province.

Engr. Neil Bryant Baliao, our Junior TBI manager, will closely coordinate with you regarding this request, through **bannuar@mmsu.edu.ph** or at **0995-752-7480**.

Thank you very much.

Sincerely,

PRIMA FERR. FRANCO
OIC-President
