## What is the ASCRIBE-HE Program?

The Philippine education system, both in Basic Education (K-12) and Higher Education, outlines specific research themes at local, division, regional, and national levels. These themes focus on critical areas such as disaster risk reduction management (DRRM), inclusive education, and gender and development. As a result, the scope of research under this agenda is broad, extending to fields like science and technology, social sciences, public policy, and more.

## ASCRIBE-HE Program Goal

The Ascendens Asia International Research Institute (AAIRI) is committed to professional and research advancement by implementing the Advancing School's Culture of Research in Basic and Higher Education (ASCRIBE-HE) Program.

Through the exchange of ideas and collaboration among students, educators, and professionals; ASCRIBE-HE, as a platform, aims to contribute to developing the research industry, practice, and professionalism in the Philippines and the ASEAN regions.

The program democratizes the dissemination of knowledge as researchers, learners, and other stakeholders may engage with research authors through the AAIRI website.
