

Republic of the Philippines  
**Department of Education**

REGION I  
SCHOOLS DIVISION OF THE CITY OF BATAC

---

Advisory No. 108, s. 2025

**15 MAY 2025**

In compliance with DepEd Order (DO) No. 8, s. 2013  
this advisory is issued not for endorsement per DO 28, s. 2001,  
but only for the information of DepEd officials,  
personnel/staff, as well as the concerned public.  
(Visit [www.deped.gov.ph](http://www.deped.gov.ph))

**EDUCATIONAL MATERIALS IN SCIENCE, TECHNOLOGY, ENGINEERING AND  
MATHEMATICS (STEM)**

As per letter from the Inspiration Publishing Company, innovative resources are advertised to schools that include robotics and manipulatory toy collection which are designed to ignite young minds, cultivate problem-solving skills, and foster hands-on learning, as well as, the IEXCEL Worksheets designed to support both remediation programs and enrichment activities.

The innovative resources introduces students to the fundamentals of science, technology, engineering and mathematics in an engaging and interactive way.

Relative to this, all school heads from the public elementary and secondary schools of the Schools Division of the City of Batac are encouraged to assess their school needs and teachers' readiness in using the educational materials mentioned and inform the office of their status until June 20, 2025.

For further details and other queries, please see attached letter.

For information.

**Let's Empower Education Together – Follow-Up from Inspiration Publishing Co.**

Dear Mr. Anselmo R. Aludino,  
  
Schools Division Superintendent  
  
Batangas City  
  
Region I

I hope you are doing well! It was a pleasure meeting you at the recently concluded Philippine Book Fair 2025 at Megatrade Hall. We truly appreciate your time and interest in exploring new educational materials that support DepEd's mission.

At Inspiration Publishing Co., we are committed to enhancing education through high-quality books and learning resources designed to empower both students and teachers. With our extensive collection of materials, we aim to provide valuable tools that enrich teaching and learning experiences in schools across the region. We believe that creativity and innovation are gifts meant to be nurtured.

Our **robotic and manipulative toy collection** is more than just play—it is a powerful educational tool designed to ignite young minds, cultivate problem-solving skills, and foster hands-on learning. These innovative resources introduce students to the fundamentals of **science, technology, engineering, and mathematics (STEM)** in an engaging and interactive way. Through open-ended exploration, children develop critical thinking, creativity, and spatial awareness, laying a strong foundation for future careers in technology and engineering.

In addition, we offer our IEXCEL Activity Worksheets, carefully designed to support both remediation programs and enrichment activities. These worksheets target key learning areas, helping students strengthen foundational skills and build mastery through consistent practice. Whether used for intervention or to challenge advanced learners, IEXCEL provides flexible, engaging exercises that cater to diverse student needs. By promoting mastery of fundamental concepts, these resources enhance student confidence and ensure long-term academic success.

**INSPIRATION PUBLISHING CO.**  
Global learning, local setting

Our team will be visiting Region II from Wednesday to Friday (March 26–28) to engage with education leaders and further discuss how our books, manipulative toys, robotics kits, and

IEXCEL worksheets can support DepEd's learning objectives. We would love the opportunity to present our latest educational resources, demonstrate their **alignment with the Matatag**

**Curriculum**, and explore how they can be effectively integrated into classroom instruction and intervention programs. Additionally, we are open to discussing customized solutions and procurement options to ensure that schools in your division have access to high-quality, engaging, and curriculum-compliant learning materials.

We understand how busy schedules can be, but we would greatly appreciate just 15 minutes of your time for a brief meet-and-greet. It would be a wonderful opportunity to reconnect and discuss how we can support your educational goals. Please let us know your available date and time, and we will make the necessary arrangements.

At Inspiration Publishing Co., we believe that the right learning resources can make a lasting impact on students and educators alike. That is why we would love to continue the conversation and see how we can help bring quality, engaging, and effective learning materials to your schools. If you need additional details, customized recommendations, or special packages for your division, we are here to assist you.

Let's work together to make learning more accessible and meaningful. Please feel free to reply to this email or contact us at 0945-100-0073, so we can discuss how we can support your educational goals.

Looking forward to collaborating on advancing quality education.

Best regards,

Leo de Dios
