FEU's strong international and local linkages with industry partners contribute to the high employability of its alumni.

In addition, FEU is continuing its physical plant improvement through the renovation and upgrading of various buildings and facilities like the Admissions Building, Arts and Sciences Building, and recently, it opened its new building along Lerna, the FEU Future Centre Building. All these aim to continuously lift the standards of education at FEU to serve our students, faculty, alumni, and staff better.
