**2025 BIOSCIENCES CONVENTION BY THE UNIVERSITY OF THE PHILIPPINES
MOLECULAR BIOLOGY AND BIOTECHNOLOGY SOCIETY (UP MBBS)**

The University of the Philippines Molecular Biology and Biotechnology Society (UP MBBS) will hold the 2025 Biosciences Convention at the University of the Philippines Diliman, Quezon City on November 22, 2025.

The activity aims to promote science and technology, especially molecular biology and biotechnology among the Filipino public

Relative to this, all public and private secondary schools of the Schools Division of the City of Batac are encouraged to participate in the activity on a voluntary basis.

All precautionary and safety measures must be strictly observed and implemented during participation to the activity to ensure the protection and safety of all students and teachers. Likewise, the activity should be guided by DepEd guidelines and guidelines for the off-campus activity and DepEd Order No. 9, s. 2005 titled "Instituting Measures to Increased Engaged Time-on-Task and Ensuring Compliance Therewith.

For further details and queries, please see attached communication from Mr. Miguel Carlo Antonio Fuentebella and Ms. Lei Joe Presaldo.

For information.

CID-GDL/2025 Biosciences Convention
2515144/25067/October 8, 2025

an event composed of several sub-events designed to foster scientific curiosity and excellence among Filipino youth:

1. **The 30th Biosciences Quiz Bee** - A nationwide competition open to both public and private high schools, testing students' theoretical knowledge and problem-solving skills in molecular biology and biotechnology, biology, chemistry, physics, mathematics, and earth science. Last year, the quiz bee was joined by 200+ students from schools nationwide.
2. **Pitch Competition** - A contest where high school students develop and present innovative proposals to real-world problems using molecular biology concepts in science, technology, and research.
3. **Lectures/Workshops** - The convention will also feature a series of lectures and workshops led by esteemed professors in molecular biology to introduce students to the field.

This year's 2025 Biosciences Convention will be held on **November 22, 2025 at UP Diliman.**

In line with this, we would like to request the issuance of a **Division DepEd Advisory** from your office regarding the 2025 Biosciences Convention. For the past iterations of Biosci, we have always relied on DepEd advisories to reach public high schools across the country.

A DepEd Advisory would allow for the easier dissemination of information regarding our event and help us widen our reach, especially among public high schools in Batak City.

Please find the relevant documents pursuant to the requirements for the said Advisory in the following Google Drive:

- (1) *the general information/entity profile of our organization*
- (2) *our certification as a duly recognized, university-registered student organization,*
- (3) *a detailed description of the activity to be conducted, and*
- (4) *a list of activities hosted by UP MBBS.*

We hope for your favorable response in helping us reach out to more high school students in the spirit of fostering academic excellence and love for science and technology. For any concerns, please reach us through biosciences.mbbs.upd@gmail.com

Kindest regards,

Miguel Carlo Antonio Fuentebella
