Sir:

Greetings of peace and love from the 4-H Club of the Philippines, City of Batac Federation Chapter!

Part of the programs of the Department of Agriculture, Agricultural Training Institute (DA-ATI) is to revitalize all of the organized 4-H clubs, be it school-based or community-based, as one of the Rural Based Organizations representing the youth sector. To simply introduce the 4-H Club, it is an organization of out-of-school youth (OSY) and in-school-youth (ISY) involved in agriculture, fisheries and other related programs and livelihood projects for the four-fold development of the HEAD, HEART, HANDS and HEALTH.

Way back in the year 2002, the school based 4-H Clubs of the City of Batac, has been organized and became very active in the field of various agricultural programs, competitions, youth camps, trainings and other activities being organized by local, provincial, regional, and even national.

Batac's accomplishment to these participations has become an inspiration to other youths in the city. To name a few the organization already had:

- Champions in Young Farmer's Challenge Competition
- Nominees for Outstanding Young Farmer in the provincial, regional and national level
- Consistently organized local youth camps (18 youth camps in total) except during the pandemic
- Attended to Provincial and Regional Youth Camps of the DA-ATI and the provincial government
- Participated to Achievement Days where Batac's contestants always garnered most winnings making them qualify to regional and national competitions
- Attended to various leadership and agri-related trainings
- Availed various DA-related projects like Internship Training to Taiwan and Japan
- Attended National Conventions

It is our desire to continue involving our youth especially our ISY, hence this reactivation/revitalization/reorganization.

At this juncture, the LGU of the City of Batac through its City Agriculture Office with the Assistance of the Federation of Volunteer Leaders of the Philippines, Inc. has made a revisit to the 4-H Clubs in the eleven (11) public and private high schools in the City.
