Sir,

I hope this letter finds you in good health and high spirits. I am Elena M. Manlincon, a student at Pangasinan State University-Open University Systems. I am currently conducting a dissertation entitled "School Paper Management Implementation and Its Influence on the 21<sup>st</sup> Century Skills of Student-Journalists in Public Elementary Schools in Region 1: Basis for a Campus Journalism Skills Enhancement Program."

The purpose of this study is to address the underexplored areas in the implementation of school paper management such as how campus publication advisers are struggling to manage school paper and how the student-journalists are thriving to possess skills in a fast changing world. Consequently, this study leads to a development of enabling mechanisms that may aid the advisers in effectively managing publication and their staff and may also influence the student-journalists in manifesting 21<sup>st</sup>-century skills.

With this, I kindly request permission to float questionnaires through Google Forms for school paper advisers and student journalists in Batac City Division. Participation in the mentioned activity is entirely voluntary, and there are no known or anticipated risks. All information will be kept in utmost confidentiality and will be used only for academic purposes. The names of the respondents will not appear in any thesis or publications resulting from this study unless agreed to.

Your approval to this earnest request will be greatly appreciated.

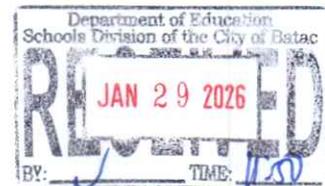

Sincerely,
