DIVISION MEMORANDUM

02 JUN 2026

No. 347 s. 2026

**SUBMISSION OF BASELINE AND ENDLINE MONITORING REPORTS FOR THE
ARAL SUMMER PROGRAM AND SENIOR HIGH SCHOOL REMEDIATION
PROGRAM**

To: Assistant Schools Division Superintendent
Chief Education Supervisors
Unit and Section Heads
Public and Private Elementary and Secondary School Heads
All Others Concerned

1. In reference to the Memorandum issued by the Office of the Undersecretary for Learning Systems dated May 20, 2026, titled Baseline and Endline Monitoring Report for Academic Recovery and Accessible Learning (ARAL) Summer Program and the Senior High School (SHS) Remediation Program, this Office directs all Schools Division Offices and concerned public elementary and secondary schools to ensure the timely accomplishment and submission of the required monitoring reports.

2. The Academic Recovery and Accessible Learning (ARAL) Summer Program and the Senior High School (SHS) Remediation Program are key intervention mechanisms of the Department of Education to address learning gaps in literacy, numeracy, and other grade-level competencies. Pursuant to DepEd Order No. 10, s. 2026 or the 2026 Summer Remediation Programs (SRPs), these programs seek to support learners in attaining essential competencies and preparing them for the succeeding school year.

3. To ensure that these programs are properly monitored and evaluated, all concerned schools shall accomplish the School Baseline and Endline Monitoring Reports. These reports shall be used to establish the initial status of program reach and readiness, document learner progress and program results, identify effective practices and areas for improvement, and support accountability and transparency in program implementation.

4. The required monitoring reports shall be accomplished through the following links and within the prescribed timelines:

Baseline Monitoring Report

5. All data collected through the monitoring forms shall be transferred to a dashboard that will serve as the central platform for data consolidation, analysis, and reporting. The dashboard shall integrate information from the baseline and endline monitoring reports to provide a unified view of program implementation across the learner, tutor, school, division, regional, and national levels.

6. The SDO Focal Persons shall monitor submission compliance and provide technical assistance as needed; consolidate and analyze data submitted by schools; prepare division and regional summary reports; and ensure that access to school monitoring report submissions is granted to ARAL Summer and SHS Remediation Focal Persons.

7. School Heads shall ensure that all monitoring reports are completed accurately and submitted on time; and validate all data before submission to ensure consistency with actual program records.

8. All information entered in the monitoring forms shall be based on actual program records, assessment results, and official school reports. The submission of estimated, incomplete, or inaccurate data is strictly discouraged as it may compromise the validity of program evaluation. Schools are reminded that submitted data may be subject to verification by the Central Office, Regional Office, or Schools Division Office.

SUBJECT : Baseline and Endline Monitoring Report for Academic Recovery and Accessible Learning (ARAL) Summer Program and the Senior High School (SHS) Remediation Program

DATE : May 20, 2026

The Academic Recovery and Accessible Learning (ARAL) Summer Program and the Senior High School (SHS) Remediation Program are key components of DepEd's academic intervention strategy, aimed at addressing foundational gaps in literacy and numeracy among learners. Through DepEd Order No. 10, s. 2026, or the Guidelines for the Implementation of the 2026 Summer Remediation Programs (SRP), these programs aim to support learners in achieving grade-level competencies and to better prepare them for the upcoming school year.

To ensure that these programs achieve their intended outcomes and to generate the data necessary for continuous improvement, the Department requires the systematic collection, documentation, and analysis of program data at the school level. The data gathered will: (1) **provide a clear picture of program reach and readiness prior to implementation;** (2) **document learner progress and program results upon completion;** (3) **identify effective practices and areas requiring improvement;** and (4) **support accountability and transparency in program delivery.**

Accordingly, *all public elementary and secondary schools* are requested to accomplish the **School Baseline and Endline Monitoring Reports**. These reports aim to collect school-level baseline and endline data that will be used to assess and evaluate the effectiveness of program implementation.
